## Skills

With 5 years commercial experience including 4 using Flash, I have a strong graphical/creative and technological background including ActionScript, XHTML/CSS code writing, XML, Illustrator, Photoshop and web related technologies such as PHP, Swift 3D, Premiere, After effects, Cool edit and 3D studio Max.

Working on creative and corporate projects has allowed me to gain experience in interface design, usability, Flash integration with database/CMS backend systems and special attention to detail.

Well balanced between web design and Flash, with a business degree background, I am able to take on small projects in their entirety from client briefs through to the launch of the sites but I also have the ability to work as part of a team and take designs from creatives and bring these to life.

---

## Professional experience

August 02 - Today

### **Multimedia Designer - Studio SQLI (Groupe SQLI - 500 employees), Paris, France**

As the first Flash designer of the agency in Paris, I am at the origin of the flash department's expansion. Producing a large Flash portfolio, including 2 websites featured in the Gallery of Macromedia France's website, I have contributed to the new position of the agency as a real actor in the Flash market.

My work includes primarily Flash design and development but day-to-day work also includes web mastering, XHTML/CSS coding, video/sound editing and much more.

Key Projects:

- Ville de Paris** – Nuit Blanche – Flash Website – Flash development, XML, database integration
- Groupama** – Fédération Groupama – Interactive CD – Flash development, Video editing
- Renault**– Interactive Map – Development, XML
- Citroën** – WRC 2004 – Screensavers and Banners – Design, Flash
- BMW France** – Accessoires Été 2004 – Flash Website/XML – Brief to launch
- Monoprix** – monoprix.fr – Flash Modules, MiniSites, Banners – Flash development
- Citroën** – Citroën C2 – Flash Website – Flash development, XML, database int. – **Macromedia France**
- Studio SQLI** – lamachinecreative.com – Flash Website/XML – Brief to launch
- BMW France** – Team X-Raid Dakar 2004 – Flash Minisite – Brief to launch
- Renault** – 'Developpement durable, Les sols' – Flash Application – Concept, Flash development
- BMW France** – Accessoires Hiver 2003 – Flash Website/XML – Brief to launch –**Macromedia France**
- BMW France** – BMW 330xd – Flash Website – Brief to launch (including sound editing)
- BMW France** – BMW Pack M – Flash Website – Brief to launch (including sound design)
- Mitsubishi-telecom** – Novolounge – Flash website – Flash development, database integration
- BMW France** – Accessoires Été 2003 – Brief to launch
- EmapMedia** – Games – Flash development

Other clients: Philip Morris, Balenciaga, JCDecaux, Club Med, Decathlon, Rhodia, Virgin music, La Poste, Credit Lyonnais, Systeme U, Pinault Printemps-Redoute, CCF/HSBC...

### **Freelance Flash Designer - Paris, France**

From time to time I take on small projects and have busy week-ends.

Projects:

- Universal** – Movie *Les fils du vent* – Flash Website – Flash development , XML
- AXS Music** – Flash website – Flash development , XML

March 02 – July 02

### **Web Designer, Claraweb, Cascais, Portugal**

My work in this very small Web Agency included all aspects of the web site creation process from project management to design and development.

Projects:

**Liga Contra Sida** – Flash Website – Project management, Flash development

**Ripolin Pinturas** – Html website – Html, PHP/MySQL coding

**Claraweb** – XHTML Website – XHTML, PHP/MySQL coding

August 99 – January 02 **Database Administrator, IT Assitant - Yes To Consulting, Cascais, Portugal**

My work in this financial investments company was pretty basic but allowed no mistakes: Processing financial data in the database. I was also taking care of the SOS calls: 'the printer is not working'.

### **Freelance Web, IncomingVision, Estoril, Portugal**

My work at Yes To consulting left me plenty of time to learn on side and take on my first Html projects. My first commercial work ( COLAL ) using flash 4 was published in 2 books: *Web Design Index 2* (The Pepin Press) and *Web Motion Design* (P.I.E Books).

Projects:

**Colal** – Flash Website with teaser – Brief to launch (including sound design)

**Ziggly** – Flash teasers – Brief to launch (including sound editing)

**Royal Air Maroc** – XHTML Website – Brief to launch (including PHP/MySQL)

**Buchanan's** – Html Website with Flash teaser – Brief to launch (including sound editing)

May – August 99

### **Sales executive, Killine, Lisbon, Portugal**

After university I took on this job as a sales executive, selling frames for glasses to high profile clients, like BOOTS, Optic 2000, Decathlon... I disliked it and as I was a computer addict, I decided to make a drastic change and looked for a job in IT.

Before 99

My business studies included 3 sandwich-placements of 6 months. It gave me the opportunity to work for British Airways Engineering, Go Direct Imaging, and the Chamber of commerce of Madrid.

## **Education**

---

### **BA Hons European Business Studies (2:1)**

Oxford Brookes University (2 years) / Groupe Sup. de Co La Rochelle (2 years)
